Republic of the Philippines
Province of Salimbayan
MUNICIPALITY OF SAN ELADIO

TEN-YEAR SOLID WASTE MANAGEMENT PLAN 2020 TO 2029

Updated 2025. Prepared under Section 16 of RA 9003. Extract.

1. PROFILE. The Municipality of San Eladio, Province of Salimbayan, has fourteen barangays. The barangays covered by this extract are Mulawin Dulo, Kanlurang Bato and Putikan. The Local Chief Executive is Hon. Romulo T. Basilio. The Municipal Environment and Natural Resources Officer is Engr. Armando C. Lucero.

2. FACILITIES. Each barangay operates a Materials Recovery Facility (MRF) under Section 32 of RA 9003: the Mulawin Dulo Barangay MRF, the Kanlurang Bato Barangay MRF and the Putikan Barangay MRF. Residual waste from the MRFs is hauled to the Dalumat Sanitary Landfill under an agreement with the City of Dalumat. The municipality has no disposal site of its own.

SYNTHETIC: BARGHEST demo data. Fictional.

3. COLLECTION. Collection and hauling of residual waste in the Municipality of San Eladio is contracted to Mabansag Hauling Services, which supplies four (4) trucks. The Municipal Environment and Natural Resources Officer monitors trips at the San Eladio Weighbridge.

4. TARGETS. Waste diversion of 35 percent of total waste generated by 2030, up from 22 percent in 2025. All barangays submit quarterly MRF reports to the Municipal Environment and Natural Resources Officer.
